

WIT2010 Workshop on Intelligent Trackers

Wednesday, 3 February 2010

Applications of intelligent detectors II - Perseverance Hall (14:00 - 15:40)

time	[id] title	presenter
14:00	[29] I-ImaS: Intelligent Imaging Sensor - application to intelligent X-ray imaging	Dr GRIFFITHS, Jennifer
14:25	[32] Pixel Imaging Mass Spectrometry with fast pixel detectors	Dr NOMEROTSKI, Andrei
14:50	[33] Data Compression and LVL1 track triggering by means of Digital Signal Processing in GridPix/Gossip FE pixel chips	VAN DER GRAAF, Harry
15:15	[35] Track finding with radially pointing scintillating fibers	Prof. STUART, David
