

7th Edition of the Large Hadron Collider Physics Conference

Wednesday, 22 May 2019

Plenary IV: Heavy Ions - Teatro (09:00 - 11:00)

-Conveners: Gabor Veres; Guy Paic

time	[id] title	presenter
09:00	[134] Thermalization, hydrodynamization, and kinetic theory in the strong interaction	TEANEY, Derek
09:24	[135] Particle production vs. multiplicity and flow-like effects in small systems	ORTIZ VELASQUEZ, Antonio
09:48	[136] Hard probes (energy loss, jets, gamma/W/Z-jet, jet substructure)	EVDOKIMOV, Olga
10:12	[137] Open and hidden heavy-flavor production and flow	Dr DA SILVA, Cesar Luiz
10:36	[138] Probes of hadronization (resonances, (hyper)nuclei, charm baryons, coalescence)	LEA, Ramona
