To provide a document to cope with the needs of the cod activities:

1- compare OE-5 and OE-13 tasks with the COD task analysis done by pole1

2- fill-up the document « Where are we going with the COD activity » by SARA

3- provide the following :

Contact points – mailing lists, collaborative tools – wikis - meetings

Define interfaces between each partner and with the project

Build check-list (incl.chase the new procedures and the existing ones)

Express concerns/issues
