Contribution ID: 119

Type: **Talk (closed)**

Searches for non-Standard Model decays to a light meson and a photon of the Higgs boson

Tuesday 24 July 2018 14:50 (20 minutes)

Theories beyond the Standard Model predict Higgs boson decays at a much enhanced rate compared to the Standard Model, e.g. for decays to Z +photon or a meson and a photon. This talk presents recent results based pp collision data collected at 13 TeV.

Parallel Session

Electroweak, Top and Higgs Physics

Author: OWEN, Rhys Edward (University of Birmingham (GB))
