

Introduction to Industrial secondments

Stefan Gieseke

Institut für Theoretische Physik
KIT

17th MCnet meeting, CERN, 11 April 2018

Who and What?

Go to a company, get learning/working experience in a completely different environment.

Open for appointed ESRs

3 months on secondment at company

Strongly encouraged to go

Payment of stipend from home institute

Additional local cost covered by home institute

Good time is early 2nd year

Where and why?

4 industrial partners of MCnet:

- B12, Louvain-la-Neuve, Belgium
- Blue Yonder, Karlsruhe, Germany
- d-fine, Frankfurt, Germany
- IBA, Louvain-la-Neuve, Belgium

Other companies possible, plan early!

No mobility constraints apply, staying in country possible.

Get insight, you wouldn't normally get

Do I want to leave academia after my PhD?
