

Session Program

26 September 2009

The 5th Korea CMS Collaboration Meeting

Session 4

KNU, Sci. bd.1-216

Saturday 26 September

16:00

Session 4

Session | **Location:** KNU, Sci. bd.1-216

16:00-16:20

Relative and Absolute Jet Energy Correction at CMS

Speaker

Seo Kon Kang

16:20-16:40

DQM for Heavy Ion

Speaker

Minkyoo Choi

16:40-17:00

Development of Integration Build

Speaker

Hyunyong Kim

17:00-17:20

Short report on RecoMuon validation suite and Development of PAT based Doubly charged Higgs analysis framework

Speaker

Junghwan Goh

17:20-17:40

Saerch for doubly charged bosons

Speaker

Jongseok Lee

17:40-18:00

The study of QCD background for Higgs to 4l final state

Speaker

Sangryul Ro

18:00-18:20

Introduction of CMS on/offline shift

Speaker

Seungsu Shin

18:20-18:40

MC production of single muon & analysis

Speaker

Eunsung Seo

18:40
