

Infor EAM User Group Meetings DACH and Research Organisations

S. Junker
TE-CRG-ME
2018

- <https://edms.cern.ch/document/1760912/0.13>

In Infor EAM checklists can either be attached to

- **Work orders,**
- Standard work orders or to
- PM schedules, called work order checklists in this document,
- **Operator checklists can be filled in directly for a piece of equipment**

WO: [24777383](#) - Inspection of automatic greaser

- Will be attached as Task Plan in the folder Activity;

Activity	Trade	Task Plan	Task Plan Qty.	Material List	Estimated Hours	Hours Remaining	People Required	Hired Labor	Warranty
5	QIM	QGMAL	1		0.25	0.25	1	<input type="checkbox"/>	<input type="checkbox"/>

- Check list can be open either in Infor Production or EAM light 3

Check list

Advantage

- Compatible with EAM light
- List can be filled in EAM light «off-line»

Dis-advantage

- Engineer check ?

Operator check list

Advantage

- Engineer check possible

Dis-advantage

- Only Infor production can open the check list;
- List can be filled «off line» may in case of Infor time out the values are lost.

Many thanks for your attention
