

# RF FOR ACCELERATORS

**CERN Accelerator School  
and Aarhus University  
will organise a  
course on RF for  
Accelerators**

This course will mainly be of interest to staff in accelerator laboratories, university departments and companies involved in producing RF equipment for accelerators.

The course will present a review of the RF technology presently used in the field of particle accelerators. As well as a review of the theoretical fundamentals, the different pieces of equipment will be discussed along with their practical applications in terms of RF diagnostics, measurements and RF gymnastics.

Dedicated hands-on exercises and seminars will complete the programme.

**8-17 June 2010**

**Hotel Ebeltoft Strand,  
Ebeltoft, Denmark**
