

Speakers/Publications Committee Report

32nd FCAL Workshop
May 10-11, 2018

Angel Abusleme
Konrad Elsener
Veta Ghenescu
Bruce Schumm (Chair)

New speaker committee empaneled March 2018

- Veta Ghenescu**
- Bruce Schumm (Chair)**

Significant loss of institutional expertise and memory with departure of Strahinja (who is sorely missed)

First action was to propose review rules consistent with, but a little more specific than, those in the MoC.

Proposed Review Procedures: Papers

- Lead reviewer is from S/P committee.
- Second reviewer chosen from the collaboration at large (could be another S/P committee member but in general should not be).
- Lead reviewer solicits comments from the collaboration as a whole.
- OK if only the lead and secondary reviewer submit comments.
- Lead reviewer oversees consideration of comments; has unilateral authority to award FCAL approval.

Proposed Review Procedures: Talks

- Both lead and second reviewer from S/P committee.
- Lead reviewer, in consultation with second reviewer, can decide that practice talk is necessary.
- If so, lead reviewer sets up practice talk with speaker and reviewers, announces talk to collaboration.
- Lead reviewer approves (revised) talk in consultation with secondary reviewer.

Other Functions: Archiving

- After a bit of delay, list of talks, papers, proceedings, and theses now seems to be up-to-date; but please check
- Please keep the Publication and Speakers Committee apprised of any developments in these categories (especially theses)

Other Functions: Author List

I am hazy on the logistics of maintaining the author list. Perhaps Wolfgang/Aharon and I could talk privately about how to ensure the list is up to date (I'm not sure I even know how to access it).

Anything else?

THE END
