

CERN-ICEC-STFC Burying the Complexity: Re-Engineering for the Next Generation of Medical Linear Accelerators for Use in Challenging Environments

Thursday 22 March 2018

Session 5: Linear Accelerator Simulations for Stable and Sustainable Operation of Developing Country Radiotherapy Linear Accelerators (Stewart Boogert and Marco Carlone) (16:00 - 17:30)

time	[id] title	presenter
16:00	[21] Linear Accelerator Simulations for Stable and Sustainable Operation of Developing Country Radiotherapy Linear Accelerators	BOOGERT, Stewart Takashi CARLONE, Marco
