

LHCb and LHC restart

Bolek Pietrzyk
LAPP, Annecy

LHCb expositions

.. is just outside our Control Room, a nice background for interviews

→ two TV teams for interviews + ~ 8? press, radio journalists

LHCb expositions and Control Room

.. we will make it even nicer

EPPOG Oct. 30, 2009

.. 2 TV teams could film in the CR

Bolek Pietrzyk

... getting event displays to collaborators
... and media

We will send LHCb Web news to all our LHCb collaborators with different live status displays, event live status display, photos, nice events etc...

could be also be used by EPPOG members
... or even journalists

We will have also video camera in our CR.
We could also prepare a static Web page ...

... getting event displays to collaborators
... and media

This will be operational for ...

450x450 GeV collisions

1.1x1.1 TeV collisions

3.5x3.5 TeV collisions → first physics day
