

Session Program

30-31 Oct 2009

**25th Meeting of the European Particle
Physics Outreach Group (EPPOG) at CERN**

Getting data to students

CERN, 60-6-002 (friday) & 572-R-011 (saturday)

Friday 30 October

16:00

Getting data to students

Session | Location: CERN, 60-6-002 (friday) & 572-R-011 (saturday)

16:00-16:30 Masterclasses 2010 organization

Speaker

Uta Bilow

16:30-16:40 LHC exercises 2010

Speaker

Prof. Erik Karl Johansson

16:40-16:55 Future LHC-based exercises - introduction

Speaker

David Barney

16:55-17:15 Physics concept for future LHC masterclasses

Speaker

Michael Kobel

17:15-17:35 Didactical and technical concept for future LHC masterclass

Speaker

Mr Konrad Jende

17:35-18:05 Quarknet experience with enquiry-based learning

Speaker

Bardeen, Marge

18:05-18:15 Existing concepts - example 1: Minerva

Speaker

Prof. Peter Watkins

18:15-18:25 Existing concepts - example 2: Ogre

Speaker

Daniel John Karmgard

18:25-18:40 Proposition for ALICE Masterclass Activities

Speaker

Yiota Foka

18:40
