

Parton Showers, Event Generators and Resummation 2018

Tuesday, 5 June 2018

Tops and Heavy Flavors - Lundmarksalen (09:15 - 11:00)

time	[id] title	presenter
09:15	[35] State of the art simulations for top quark production and decay at the LHC	JEZO, Tomas
09:40	[36] Cutoff dependence of the top quark mass parameter in angular ordered parton showers	HOANG, Andre
10:05	[30] NLO parton shower matching uncertainties in loop-induced processes	KUTTIMALAI, Silvan
10:30	[54] NLO and offshell effects in top quark mass determinations	WINTER, Jan-Christopher
