

FLASY 2018: 7th Workshop on Flavour Symmetries and Consequences in Accelerators and Cosmology

Contribution ID: 33

Type: **not specified**

CP Phases and Symmetries

Wednesday 4 July 2018 11:00 (30 minutes)

I discuss examples of correlations of leptonic CP phases at low and high energies and of CP phases in the lepton and in the quark sector that are achieved with the help of flavour and CP symmetries.
