

Session Program

16-20 Jul 2018

LoopFest 2018

Subtraction

Michigan State University, 1415
Biomedical and Physical Sciences Building East Lansing, MI 48824 USA

Thursday 19 July

16:00

Subtraction

Session |**Location:** Michigan State University, 1415, Biomedical and Physical Sciences Building East Lansing, MI 48824 USA

16:00–16:30

NLL power corrections to the N-jettiness subtraction scheme

Speaker

Andrea Isgro

16:30–17:00

Nested soft-collinear subtractions for color singlet production and decay

Speaker

Raoul Rontsch

17:00–17:30

Towards differential Higgs production at N3LO

Speaker

Falko Dulat

17:30–18:00

Soft-gluon and Coulomb corrections to hadronic top-quark pair production beyond NNLO

Speaker

Christian Schwinn

18:00
