During the EuPRAXIA Yearly Meeting (Monday 19 and Tuesday 20) all participants will have the chance to meet and update each other on the EuPRAXIA Design Study progress. The Scientific Advisory Committee (SAC) will also convene and give scientific guidance to the project. In addition, the Collaboration Board (CB) Meeting in which all partners are represented will vote on upcoming decisions.

The possibility for individual work package (WP) meetings will be given during the second part of the Collaboration Week (Wednesday 21 and Thursday 22). The focus will be on meetings across different WPs with common topics or interfaces. A final session (Thursday 22 afternoon) will bring together the whole collaboration again, to discuss the outcomes from the Yearly Meeting, the SAC input, WP meetings, outstanding topics, problems and plans for the next period. On Friday 23 satellite meetings (EURONNAC and EAAC2019 Organizing Committee) are foreseen.

Registration deadline 25th October 2018.
