

Intellectual Property
management within the
Consortium

Existing EP application

- What share current Inventors - Institute of Nuclear Chemistry and Technology – would like to keep?
- The rest is to be equally distributed among the Partners of the Consortium?
- Observers and advisory entities are out of IP

Any further IP, patents, inventions, etc.

- All what will be developed during the PoC and Consortium work will be equally distributed amongst Partners of Consortium
- Observers and advisory entities are out of IP
