

Challenge Based Innovation

February 12th, 2018

Final presentations & Prototype expo
CBI-X students from Italy @ CERN

16:00 - 17:00 Presentations

IdeaSquare

Welcoming words; IdeaSquare & CBI Teaching Team

Team presentations:

Technology to support surgical teams in operation room

How might we empower the surgical team to keep safety and efficiency pre, during and post surgery?

Rethink the digital advertising experience

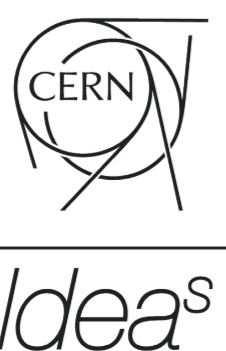

How might we create a timely, useful and secure communication system that puts people in control of their data?

17:00 - 18:00 Prototype showcase

IdeaSquare, Building 3179

Students will show and walk visitors through the proof-of-concept prototypes.

RSVP: Please register for the event at
