

2018 LHC Days in Split

Tuesday, 18 September 2018

Heavy ions: Part 1 (09:00 - 10:40)

-Conveners: Guy Paic

time	[id] title	presenter
09:00	[17] Performance and upgrade of ALICE	REIDT, Felix
09:30	[18] Overview of ALICE results	BERTENS, Redmer Alexander
10:00	[20] Quarkonium physics results from ALICE at the LHC	ROSNET, Philippe
10:20	[19] ALICE measurements on nuclei production	CALIVA, Alberto

Heavy ions: Part 2 (11:10 - 12:40)

time	[id] title	presenter
11:10	[24] Future heavy-ion program at the high-luminosity LHC	URAS, Antonio
11:35	[69] Surprising similarities between high multiplicity pp and heavy ion collisions at high pt's (including Heavy ions theory)	PAIC, Guy
12:05	[25] BSM physics in ATLAS and CMS	MORINAGA, Masahiro
