

vidyo meeting
“CLIC BSM direct searches”

Feb. 21st 2018

Why this meeting?

- * Discussion on studies and contributions for the Yellow Book on CLIC physics potential
- * Goal is to collect feedback and discuss preliminary results
- * Most presentations are “work in progress”
- * Next one on March 23rd (contact us to give a talk! Agenda so far: *M. Mitra, F. Sala, J.M. No, A.Thamm* on See-saw, new scalar singlets, electroweak baryogenesis, axion-like particles at CLIC)
