Social activities

Participants will discover Vienna and seeing the city from a new perspective.

Equipped with a map and a questionnaire, the city centre is discovered independently on a set track. Riddles have to be solved to find the next stage. Start/end at the „Stephansplatz“. Duration about 2.5 hours.

Social dinner

Vienna is not only the city centre but its beauty spread also all over the surrounding hills.

Conference dinner at the Heuriger Fuhrgassl-Huber

“Heuriger” is a typical Austrian wine tavern which is traditionally run by a wine farmer who sells his own wine. Located in the heart of Neustift am Walde between vineyards and the Vienna Woods the Winery Fuhrgassl-Huber with its cosy parlours and romantic patio has been a popular wine tavern for almost 30 years. The architect of the Winery Fuhrgassl-Huber was Professor Walter von Hoesslin, the stage designer of the Vienna Opera House.
