Do's and don'ts as a startup

Friday, 31 August 2018 09:00 (1 hour)

Being part of a start-up is a very exciting journey, even just as a team member and not as a founder. And maybe just because of this, you get the chance to have a more independent perspective on what can help your company to grow and what might turn out as a less rewarding outcome. Eva Servoli will share her first-hand experience regarding do's and don'ts in early-stage and fast growing start-ups, to help you better enjoy the journey.

Presenter: SERVOLI, Eva (Euresearch)
