

# HSF Packaging Group: Introduction

---

Graeme Stewart and Ben Morgan

2018-03-07

# WLCG/HSF Workshop in Naples

- Group has been invited to contribute to the Software Development session at the Naples WLCG/HSF workshop
  - <https://indico.cern.ch/event/658060/sessions/266393/#20180328>
- Time is not very friendly for North America
  - 11h00 - 12h30
- However, you can still come!

# Today's Meeting

1. Introduction
2. Review of Use Cases and Test Stack
3. Spack Open Points
  - Pick up from Javier's FCC talk last meeting (unfortunately Javier not here today)
  - Identify concrete problems with our use cases for Spack
    - Digestible tasks that we can work on in the group
- Next meeting will be 21 March. Chris Burr will tell us about his work with nix in LHCb.
- As ever, further contributions and updates are very welcome
