

Session Program

10-12 Feb 2010

IEFC Workshop 2010

High intensity beams, radiation and safety issues

CERN, 30/7-018 - Kjell Johnsen Auditorium

Thursday 11 February

09:00

High intensity beams, radiation and safety issues

Session | Location: CERN, 30/7-018 - Kjell Johnsen Auditorium

09:00-09:30 **Radiological Status and Trends of Injectors & Experimental Facilities**

Speaker

Simone Gilardoni

09:30-10:00 **Monitoring Systems for Radiation Protection**

Speaker

Daniel Perrin

10:00-10:30

Radiation Protection during design, operation and dismantling of Target Areas

Speaker

Thomas Otto

10:30-11:00 **coffee break**

11:00-11:30 **Workplaces in Radiation Areas**

Speaker

Heinz Vincke

11:30-12:00 **Quality Assurance applied to Accelerator Safety**

Speaker

Magali Gruwe

12:00
