

**Session Program**

**10-12 Feb 2010**

**IEFC Workshop 2010**

***Accelerator hardware, controls and technical  
infrastructure***

CERN, 30/7-018 - Kjell Johnsen Auditorium

## Wednesday 10 February

14:00

### Accelerator hardware, controls and technical infrastructure

**Session** | **Location:** CERN, 30/7-018 - Kjell Johnsen Auditorium

14:00–14:30

#### Ongoing consolidation of magnets and magnet accessories

**Speaker**

Davide Tommasini

14:30–15:00

#### Progress with POPS

**Speaker**

Jean-Paul Burnet

15:00–15:30

#### Critical overview of RF equipment in the LHC injector chain

**Speaker**

Erk Jensen

15:30–16:00

#### coffee break

16:00–16:30

#### Status and progress of ACCOR

**Speaker**

Marc Vanden Eynden

16:30–17:00

#### Outstanding work and possible worries with electrical distribution cables

**Speaker**

Francois Duval

17:00–17:30

#### Reliability of the cooling and ventilation installations for the injectors

**Speaker**

Serge Deleval

17:30
