

RD51 Collaboration Meeting and the "MPGD Stability" workshop, Munich  
18-22 June 2018

Contribution ID: 30

Type: not specified

## Understanding discharge formation in GEM detectors by simulating the primary charge density

*Tuesday, 19 June 2018 11:00 (20 minutes)*

**Presenter:** MATHIS, Andreas (Technische Universität München (DE))

**Session Classification:** WG4 - Simulations and Software Tools
