

# **Welcome to the UKT0 Collaboration Meeting**

# Why are we here now

**In Theory – from the 2017 Capital Grant:**

**DELIVERABLE D4.1: *Face to face meeting:*** *The project will deliver a face-to-face collaboration meeting of 3 days towards the end of Q1 2018. The first two days will be devoted to open discussion with the wider stakeholder community, while the third day would allow the core consortium to work on drafting plans for the period following the end of the funded project period.*

**Science & Technology**  
Facilities Council

# In Practice

- How we will:
  - Work together to deploy and exploit the hardware funded by the 2017 capital grant.
  - Plan for how we might exploit any available future funding.
  - Develop and support STFC's vision for the Nel
  - Get some issues on the table for consideration, not necessarily solve everything
  - Further develop the UKT0 as a collaboration of equal partners.

# Admin

- Any problems/needs – see Jean or me.
  - Boarding passes – Jean can print
  - Taxi booking sheets – see Jean
  - Wifi – Eduroam – or obtain instructions from Jean for guest access
- Dinner tonight
  - If you booked (red spot on badge) – 7pm in the restaurant (no charge to delegates). Alcohol not included.
  - Otherwise informal.

# Talks

- Talks can be uploaded to the Indico page (link circulated already).
  - If you have been registered you can do it yourself
  - Else send to [andrew.sansum@stfc.ac.uk](mailto:andrew.sansum@stfc.ac.uk) or [ian.collier@stfc.ac.uk](mailto:ian.collier@stfc.ac.uk)

# Fire Escapes - Etc

Assemble:

**Science & Technology**  
Facilities Council

# Proposal: A Common Cloud Platform for STFC Science
