

OMA 2nd Topical Workshop

Diagnostics for Beam and Patient Monitoring

4th – 5th June 2018, CERN

The [OMA](#) Workshops cover the main research areas on optimization of medical accelerators which are explored within the different work packages (WP) of the European Training network OMA.

The Workshop will connect the diagnostics efforts in two OMA work packages, WP1 (Beam imaging and diagnostics) and WP2 (Treatment optimization).

Workshop Venue

The workshop will take place at **CERN**
in Building 593 (see map attached)

Room: 593-R-010

Details

OMA 2nd Topical Workshop

Diagnostics for Beam and Patient Monitoring

4th – 5th June 2018, CERN

TRAVEL

By Train

Tram 14 takes you from Geneva main station Cornavin to CERN in roughly 20 minutes. The ride is 3.50 CHF, a ticket has to be obtained before boarding the tram. Be aware that not all vending machines return change.

From Geneva Airport

From Geneva airport, there is a free shuttle service to CERN, see above link for time table. Free public transport tickets for arriving passengers are available at the airport in the baggage pick-up area.

Access to CERN

If you do not have a CERN ID card, a visitor's pass will be provided. The visitor's pass is to be picked up at the reception (bldg. 33) on weekdays from 9H00 – 17H00. Outside these hours, the visitor's pass is deposited at the main entrance (entrée B).

Internet Access

Internet access for laptops can be obtained following the [link](#) to CERN IT Services.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement No 675265.

OMA 2nd Topical Workshop

Diagnostics for Beam and Patient Monitoring

4th – 5th June 2018, CERN

ACCOMMODATION

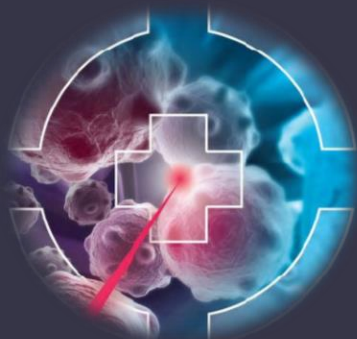

Rooms in the CERN hostel will be booked for all participants on the basis of your arrival and departure information.

OMA Fellows will be in shared rooms.

Please go to the Hostel Reception in Building 39 to Check In on arrival.

This project has received funding from the European Union's Horizon 2020 research and innovation programme under the Marie Skłodowska-Curie grant agreement No 675265.

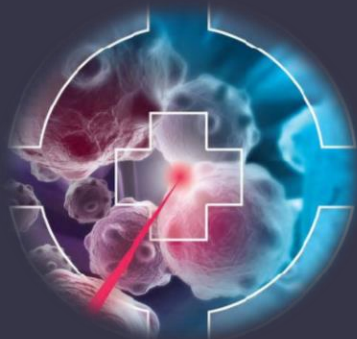

OMA 2nd Topical Workshop

Diagnostics for Beam and Patient Monitoring

4th – 5th June 2018, CERN

OVERVIEW

Monday 04/06/18	Tuesday 05/06/18
Room: 593-R-010	Room: 593-R-010
8:30 - 9:00 Registration	
9:00 – 12:30 Talks and Discussion	9:00 – 12:30 Talks and Discussion
