

Session Program

Aug 28 - 31, 2018

Annual meeting of the Swiss Physical Society 2018

History of Physics

EPFL

Fri, August 31

11:15 AM

History of Physics

Session | Location: EPFL, CE 100

11:15 - 11:45

【81】 Neither experimental nor theoretical? Computer simulations and the dichotomy between experimental and theoretical physics

Speaker

Prof. Claus Beisbart

11:45 - 12:15

【82】 When time became atomic - time measurement between astronomy and atomic physics after World War II

Speaker

Eckhard Wallis

12:15 - 12:45

【83】 Le cabinet de physique de Marc-Auguste Pictet ou l'essor de la physique expérimentale à Genève à la fin du 18e siècle.

Speaker

Stéphane Fischer

12:45 - 13:15

【84】 Star catalogues: from Hipparchos to Hipparcos (ESA)

Speaker

Dr Bernhard Braunecker

13:15 - 13:45

【85】 Joseph Fourier and Sadi Carnot: a counterpoint in the 19th century study of heat

Speaker

Jan Lacki

1:45 PM
