

XXV Cracow EIPPHANY Conference on Advances in Heavy Ion Physics

Thursday 10 January 2019

Exotics hadron (16:25 - 18:05)

-Conveners: Adam Trzupek

time	[id] title	presenter
16:25	[151] Tuning the shape of the fireball with heavy-ion collisions on polarized deuterons	BOZEK, Piotr
16:50	[105] Heavy Exotic particles and Heavy Ion Collision	LEE, Su Houn
17:15	[106] Production of charmed hadrons by recombination in heavy ion collisions	CHO, Sungtae
