

The Mitchell Conference on Collider, Dark Matter, and Neutrino Physics 2018

Monday, 21 May 2018

Cosmology (14:00 - 15:00)

time	[id] title	presenter
14:00	[2] Primordial Black Holes from String Inflation	CICOLI, Michele
14:20	[3] Nonthermal Dark Matter from Early Matter Domination Revisited	ALLAHVERDI, Rouzbeh
14:40	[20] A Natural Explanation to the 21-cm Absorption Signal via the QCD Axion	Prof. LI, Tianjun

Tuesday, 22 May 2018

Cosmology (15:20 - 16:20)

time	[id] title	presenter
15:20	[28] Constraining Axion-Like-Particles with Hard X-ray Emission from Magnetars	Prof. SINHA, Kuver
15:40	[30] Gravitational Leptogenesis, Reheating, and Models of Neutrino Mass	Dr ADSHEAD, Peter
16:00	[31] The Early Universe's Imprint on Dark Matter	ERICKCEK, Adrienne
