

The Mitchell Conference on Collider, Dark Matter, and Neutrino Physics 2018

Monday 21 May 2018

Student Talks (16:40 - 17:40)

time	[id] title	presenter
16:40	[7] 21cm Limits on Decaying Dark Matter and Primordial Black Holes	CLARK, Steven
16:55	[11] CEvNS as a probe of Z' through kinetic and mass mixing effects	LIAO, Shu
17:10	[18] Bottom-quark Fusion Processes at the LHC for Probing Z' Models and B-meson Decay Anomalies	THOMPSON, Adrian
17:25	[44] Leptogenesis and non-standard cosmology	JIMENEZ, Esteban
