Experience with application domains (09:00 - 10:30)

-Conveners: Massimo Lamanna

time	[id] title	presenter
09:00	[30] Gridification: Porting New Communities onto the WLCG/EGEE Infrastructure	Dr MENDEZ LORENZO, Patricia
09:15	[153] Supporting High Performance Computing Applications over gLite	Mr WANG, Chi-Wei
09:30	[152] Performance Analysis of Atmosphere and Ocean Model on EU-IndiaGrid Infrastructure	Dr COZZINI, Stefano
09:45	[31] Experiences on Grid Production for GEANT4	Mr LECHNER, Anton
10:00	[110] Status of Fusion Activities in the Grid	Dr CASATEJÓN, Francisco

Experience with application domains (11:00 - 12:30)

-Conveners: Massimo Lamanna

time	[id] title	presenter
11:00	[193] Experience of the running HEP experiments in using the EGEE/LCG infrastructure	
11:30	[19] Using the Grid - the BaBar Perspective.	Dr WILSON, Fergus
11:50	[192] Experience of the LHC experiments in using the EGEE/LCG infrastructure	

Experience with application domains (14:00 - 15:30)

-Conveners: Massimo Lamanna

time	[id] title	presenter
14:00	[8] Structural Biology in the context of EGEE	Mr CARRERA, Germán
14:20	[169] CSTGrid: a whole genome comparison tool for the identification of coding and non-coding conserved sequences.	Dr MIGNONE, Flavio
14:40	[175] Alternative Splicing Prediction on EGEE infrastructure	Dr DONVITO, Giacinto
15:00	[33] "High throughput" protein structure prediction application in EUChinaGRID	Dr MINERVINI, Giovanni

Friday, 11 May 2007

Experience with application domains (09:00 - 10:30)

-Conveners: Massimo Lamanna

time	[id] title	presenter
09:00	[143] The CompChem VO and a Grid application for spacecraft reentry simulations	Prof. LAGANA', Antonio
09:20	[151] Application of Gaussian package on the EGEE Grid to chemical reaction study	Dr STERZEL, Mariusz
09:40	[93] Modeling star evolution on the GRID	Prof. CASSISI, Santi
10:00	[189] PSNC Virtual Laboratory system as implementation of remote instrumentation idea	MARCIN, Lawenda

Experience with application domains (11:00 - 12:30)

-Conveners: Massimo Lamanna

time	[id] title	presenter
11:00	[85] Dissemination and Exploitation of Grids in Earth Science	Mr SOM DE CERFF, Wim
11:20	[97] CNES GRID EXPERIENCES AND PLANS FOR SPACE APPLICATIONS	Mr COURQUET, Joel
11:40	[174] Large Earthquakes Source & Mechanism Determination	WEISSENBACH, David CLÉVÉDÉ, Eric
12:00	[45] Simulations and Offline Data Processing for the Auger Experiment	Dr CHUDOBA, Jiri
