We had productive discussions, we know where we're going to

- We could have lots of dense discussions and made solid progresses. We could also make solid work plan toward the version 10.5 in December.
 - Let's keep the momentum together toward our targets.
- Many collaboration-wide efforts are re-identified.
- We have to keep improving Geant4, maintaining it and supporting our customer users for foreseeable future.
 - Let's start shaping Geant4 version 11.
 - Let's invite new idea that would strengthen Geant4.
