

# FCC Week 2019

## Thursday 27 June 2019

### EASITrain: Early Stage Researchers' work status - Crea/Explo (15:30 - 17:28)

-Conveners: Amalia Ballarino

time	[id] title	presenter
15:30	[694] Superconducting characterization of prototype LTS samples	ORTINO, Mattia
15:48	[695] Microstructural characterisation of superconducting materials	MOROS, Alice
16:06	[696] Assessment of high-performance superconducting wires at low temperatures	GNILSEN, Johannes
16:24	[697] Fluid properties modeling	TKACZUK, Jakub
16:42	[698] Production of high temperature superconducting Thallium-based thin-film coatings	SABA, Aisha
17:00	[699] Development and efficiency assessment of a reference Helium refrigeration cycles	SAVELYEVA, Sofiya
