

# Future R&D Working Group

R.Svoboda, UC Davis WATCHMAN Meeting

21 May, 2018

# Why we need this:

- Need an organized effort in AIT rather than quasi-independent efforts
- Need this aspect of WATCHMAN to maintain interest from scientists with needed experience
- Need to manage future R&D and WATCHMAN construction effort and resources
- Need to produce requirements for WATCHMAN/AIT construction that allow R&D
- Need to generate proposals to STFC, DOE SC, DNN Consortium on a time scale of a few months

# Meeting Tuesday Afternoon

- Will settle on topics we want to pursue
- Need to establish way forward for funding
