CERN Linux services status update

Tuesday, 9 October 2018 14:25 (25 minutes)

An update on CERN Linux support distributions and services.

An update on the CentOS community and CERN involvement will be given.
We will discuss software collections, virtualization and openstack SIGs update.

We will present our anaconda plugin and evolution of the loomap tool.

A brief status on alternative arches (aarch64, ppc64le, etc...) work done by the community will be given.

Desired length

20
