Why would a python developer learn rust, when there are no jobs in it?

Friday 12 October 2018 09:25 (25 minutes)

The language Rust has many potential benefits for the physics community. This talk explains why I think this is true in general and for HEP.

This will be a general introduction to the rust programing language, as a replacement for C/C++ and way to extend python.

Desired length

20 mins
