

Report from IB meeting

Aharon Levy

Tel Aviv University

Plan

- **Report from Spokesperson (WL)**
- **Report from Technical Coordinator (YB)**
- **Future test beams (YB)**
- **Working groups**
- **FCAL activities in the Institutes**
- **Next meeting**

FCAL activities/Institute

- Heard most during presentations yesterday
 - Lack of manpower
 - Lack of funding
-
- Discussion what to do in case ILC is not approved:
 There is still the possibility of CLIC .

We are an R&D collaboration. What we are doing is applicable to other existing or approved as future project (with some modifications).

Working groups

- Important to hold collaboration together, meeting about twice a month (instead of twice a year!)
- Marek – will soon reactivate the HW group
- Sasha → Veta, convene the Analysis group

- **Thank you, Sasha!**
- **Thank you (and good luck...) Veta!**

Next meeting

- Due to lack of funds, decided to have our meetings at CERN and at DESY.

Next meeting: CERN, March 26 – 27, 2019

Thank you Konrad!
