

## 7th Beam Telescopes and Test Beams Workshop

Contribution ID: 49

Type: **not specified**

### **Hands-On: Making the most of your 10 minutes of fame**

*Thursday, 17 January 2019 14:00 (2h 30m)*

Presentations in working meetings and conferences are the culmination of weeks or months of work and are one of our most important communication methods to our peers. Yet the 10-15 minutes they take are often seen as tedious and boring, both by the audience and even the presenter! We will identify, as a group, some simple but effective methods of improving presentations and posters with hands-on activities to reinforce concepts.

Instructions to participants: bring your own laptops and be prepared to share your work with fellow participants! You should have Powerpoint installed, or something that can open and edit Powerpoint files.
