

Session Program

14-18 Jan 2019

7th Beam Telescopes and Test Beams Workshop

Analysis - Fibers & Calorimetry

CERN, 503/1-001 - Council Chamber

Thursday 17 January

17:00

Analysis - Fibers & Calorimetry

Session | **Location:** CERN, 503/1-001 - Council Chamber | **Convener:** Maria Robles Manzano

17:00–17:20

Beam-tests of CMS High Granularity Calorimeter Prototypes at CERN and DESY 2018

Speaker

Thorben Quast

17:20–17:40

Test Beam Studies for the upgrade of the ATLAS Tile Calorimeter read-out electronics for the HL-LHC

Speakers

Fernando Carrio Argos, ATLAS TileCal Speakers Committee

17:40–18:00

Studies of the response of the ATLAS Tile Calorimeter to beams of particles at the CERN test beams facility

Speakers

Tamar Zakareishvili, ATLAS TileCal Speakers Committee

18:00–18:20

Prototype tests for a highly granular SiPM-on-tile hadron calorimeter

Speaker

Katja Kruger

18:20–18:40

Results from the LHCb SciFi Tracker 2018 Slice Test at the CERN SPS

Speaker

Lukas Witola

18:40–19:00

HGTD testbeam at the SLAC beamline

Speaker

Dr Simone Michele Mazza

19:00
