Contribution ID: **3**                                                            Type: **not specified**

# Evaluation of NFS v4.1 (pNFS) with dCache

*Monday 19 April 2010 15:45 (30 minutes)*

The talk will be covering experience accumulated with NFS4.1/dCache at DESY.

## Summary

In particular, will be presented:

1) information on client kernel and distribution on how to get NFS 4.1 to work;
2) information on the status of security;
3) information on stability of the current test bed (DESY grid lab);
4) information on client behaviour on pool crashes;
5) performance compared with other file systems.

**Authors:**  GASTHUBER, Martin (DESY);  FUHRMANN, Patrick (DESY);  MKRTCHYAN, Tigran (DESY);  KEMP, Yves (DESY)

**Presenter:**  FUHRMANN, Patrick (DESY)

**Session Classification:**  Storage and Filesystems
