

Follow-up Information

Thank you to all the presenters over the last 2 days.

Presentations and posters will be available for download at the end of the workshop, via the Indico website.

Please let us know if you do not want your presentation to be available for download.

NSS-MIC-RTSD Manchester 2019

Please consider submitting your work to the IEEE NSS-MIC-RTSD Conference which will be held in Manchester from 26 October – 2 November

The submission deadline is 8 May.

A two page extended summary, plus a short abstract, is required.

2019 IEEE Nuclear Science Symposium and Medical Imaging Conference

Room Temperature Semiconductor Detectors

26 October - 2 November 2019 --- Manchester, UK

NuSec Network “Phase 2”

We are pleased to announce that STFC has awarded the network a 3 year extension to NuSec, from August 2019 to 2022

NuSec will continue to support the Nuclear Security research community through our well-established schemes:

- **Personal Development Grants**
- **Pilot Project funding for summer students**
- **Specialist technical workshops**

A new feature of NuSec during this period will be the award of “50% funded” PhD studentships in Nuclear Security Science

NuSec Network PhD competition

NuSec will shortly announce a call for 50% funded PhD students in Nuclear Security Science.

The NuSec studentships will fund 50% of a PhD for 3.5 years, covering 50% of the following items:

- *UK/EU PhD tuition fee*
- *Student stipend at the standard RC-UK rate (~£15k p.a.)*
 - *Training and Support grant (£5k p.a.)*

The total cost of the studentship is £84k, with a contribution from NuSec of £42k*

**final figures subject to confirmation*

Anticipated timeline:

June 2019 - Call announcement

October 2019 – Application deadline, including commitment of additional funding

December 2019 – Successful applicants announced

October 2020 – Start of PhD students

Thank you for your support of the NuSec network
during the last 3 years

We look forward to continuing to work together
during the next phase of the network

Please contact us for further information about the network,
or with any feedback or suggestions for future events:
