

Session Program

28 May 2018 to 1 June 2018

**SCGP Workshop on Exotic Hadrons and Flavor
Physics**

Exotic Hadrons Theory I

Monday 28 May

09:30

Exotic Hadrons Theory I: Chair: Estia Eichten Session

09:30–09:35 **Welcome remarks**

Speaker
George Sterman

09:35–09:40 **Opening**

Speaker
Marek Karliner

09:40–10:15 **Ordinary and extraordinary hadrons**

Speaker
Robert Jaffe

10:15–10:50 **Baryon-antibaryon exotics; heavy baryons**

Speaker
Jon Rosner

10:50–11:20 **coffee break**

11:20–11:55 **Hybrids**

Speaker
Eric Swanson

11:55–12:30 **Theory of hadronic molecules**

Speaker
Ulf-G. Meissner

12:30

14:00

Exotic Hadrons Theory I: Chair: Jon Rosner Session

14:00–14:35 **Heavy-light exotics**

Speaker
Feng-Kun Guo

14:35–15:10 **Some speculations about Quirks**

Speaker
Shmuel Nussinov

15:10–15:40 **coffee break**

15:40–16:05 **Motivations for Considering a Stable Sexaquark**

Speaker
Glennys Farrar

16:05-16:30

Exotic hadrons from holographic QCD

Speaker

Ismail Zahed

16:30-17:05

Dynamically generated exotic hadrons from superconformal algebra and light-front holography

Speaker

Stan Brodsky

17:05
