

Session Program

28 May 2018 to 1 June 2018

**SCGP Workshop on Exotic Hadrons and
Flavor Physics**

Exotic Hadrons Theory II

Wednesday 30 May

09:00

Exotic Hadrons Theory II: Chair: Chris Quigg Session

09:00–09:35 **Multiquark states: QCD string-junction picture**

Speaker

Gabriele Veneziano

09:35–10:10 **Compact tetra- and penta-quarks**

Speaker

Ahmed Ali

10:10–10:45 **Prompt production of exotic hadrons**

Speaker

Alessandro Pilloni

10:45–11:20 **coffee break**

11:20–11:55 **Triangle singularities and cusps**

Speaker

Adam Szczepaniak

11:55–12:30 **Threshold phenomena, triangle singularity and exotic hadrons**

Speaker

Qiang Zhao

12:30

14:00

Exotic Hadrons Theory II: Chair: Jon Rosner Session

14:00–14:35 **More about hadrons with heavy quarks**

Speaker

Estia Eichten

14:35–15:10 **Few-body dynamics in baryons and multiquarks**

Speaker

Jean-Marc Richard

15:10–15:40 **coffee break**

15:40–16:15 **Five quarks coupled with open channels**

Speaker

Atsushi Hosaka

16:15–16:50 **Doubly-heavy baryons in heavy-ion collisions**

Speaker

Xiaojun Yao

16:50
