

Session Program

4-7 May 2010

**6th Workshop on CW and High Average Power
RF**

Solid State Amplifiers

ALBA, Barcelona, Spain, Maxwell Auditorium

Thursday 6 May

09:30

Solid State Amplifiers

Session | **Location:** ALBA, Barcelona, Spain, Maxwell Auditorium

09:30–10:00

150 kW Solid State Amplifier for Booster and Storage Ring

Speaker

Mr Jean-Paul ABADIE

10:00–10:30

352-MHz Solid State RF Power System Development at the Advanced Photon Source

Speaker

Mr Doug Horan

10:30–11:00

Coffee

11:00–11:30

High RF power solid state amplifier developments at SOLEIL

Speaker

Ti Ruan

11:30–12:00

Operation of a 10kW@1.3 GHz Solid State Amplifier at the Superconducting Linac ELBE

Speaker

Hartmut Büttig

12:00
