Recent Developments in Hadron Spectroscopy

Friday 23 July 2010 11:00 (18 minutes)

In this introductory overview I will discuss recent developments in hadron spectroscopy that are of particular relevance to this meeting, including the spectroscopy of heavy quark hadrons, exotic and multiquark systems, and new theoretical results such as developments in LQCD.

Author: Prof. BARNES, Ted (ORNL)

Presenter: Prof. BARNES, Ted (ORNL)

Session Classification: 04 - Hadronic Structure, Parton Distributions, soft QCD, Spectroscopy

Track Classification: 04 - Hadronic Structure, Parton Distributions, soft QCD, Spectroscopy
