

10th International Workshop on Multiple Partonic Interactions at the LHC

Monday 10 December 2018

WG2 (15:00-16:40)

| time | [id] title | presenter |
|-------|--|---------------------|
| 15:00 | [69] New developments in EPOS | WERNER, Klaus |
| 15:20 | [22] LHC tune for hard processes | GUNNELLINI, Paolo |
| 15:40 | [50] Rivet for Heavy Ions | BIERLICH, Christian |
| 16:00 | [54] Monte Carlo event generator for double parton interactions in proton nucleus collisions | STRIKMAN, Mark |
| 16:20 | [64] Space-time model for colour reconnection. | MYSKA, Miroslav |

Thursday 13 December 2018

WG2 (15:40-16:40)

| time | [id] title | presenter |
|-------|---|------------------------|
| 15:40 | [51] Probing colour reconnection using boosted hadronically decaying top quarks | KAR, Deepak |
| 16:00 | [21] Teaching PROFESSOR New Math | SCHULZ, Holger |
| 16:20 | [15] MC Modelling and Tuning in CMS | CHAHAL, Gurpreet Singh |

Friday 14 December 2018

WG2: WG2: Conclusion and Summary (10:10-10:40)

| time | [id] title | presenter |
|-------|---|---------------|
| 10:10 | [84] WG2 (MC Generators and Tuning) - Summary | BUCKLEY, Andy |
| 10:20 | [85] Discussion | |
