# Conclusions

Actually more ideas/follow-up

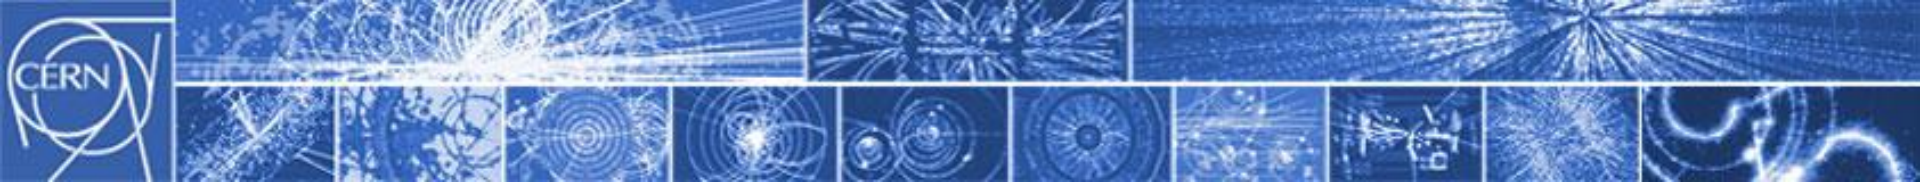

- Thanks to all the presenters
- Thanks to all for having participated
- Looking forward to continuing exchange
- I find it very interesting and useful

## How to go on?

- Can we exchange emails/phone numbers with areas of interest/speciality for contacts amongst us?
- Theme for next conference
  - We can set up a share-point side with some proposals to make a survey
  - Is there an interest/need/initiative for working groups to report on a particular subject (like activity based budgeting, optimisation of resources allocation, etc)

## Next edition

- 2011: Thanks for the offer to be hosted by INTERPOL in Lyon
- 2012: ideas?
