

THE Port humanitarian hackathon 2018

Goals and Rules

Welcome

About us

- THE Port is a Swiss not-for-profit association
- based in the heart of International Geneva
- organisation of 60 hours sprints - also known as hackathons
- we foster need driven innovation in the humanitarian sector by combining creative minds from CERN, International Organisations, NGOs, Academia and the Private Sector to work in interdisciplinary teams on topics beneficial to society
- Our motivation: To demonstrate the immediate impact of fundamental science on our society.
- More about our work at: www.theport.ch

Event Schedule

Friday:

Kick off - this is NOW

Hacking

Saturday:

Hacking

Mid-term review: your possibility to get feedback on your project from the other participants
